Mounting Material:

Aluminum

Mounting Surface Treatment:

Anodized

Overall Length:

5.936 inches

Overall Height:

3.250 inches

Overall Width:

3.306 inches

End Application:

Part no. Ug1000a2

Mounting Facility:

Container

Mounting Configuration:

One no. 1/4 in. (0.250) -20 mtg stud centrally located

Controlling Agency:

Filters inc.

Identifying Number:

26yc18sb part no.

Individual Relay Quantity:

8

Relay Type:

Relay switching

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-b
