Mounting Material:

Steel

Mounting Surface Treatment:

Zinc plated

Overall Length:

18.375 inches

Overall Height:

5.000 inches

Overall Width:

2.093 inches

Mounting Facility:

Mounting board

Usage Design:

Circuit switching

Mounting Configuration:

Two 0.312 in. Diameter mtg holes spaced 17.750 in. C to c

Controlling Agency:

Automatic electric co.; automatic electric co.

Identifying Number:

Rt-12043-g23 part no. And rt-16500-b18 part no.

Individual Relay Quantity:

4

Relay Type:

Armature

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-b
