Overall Length:

1.360 inches

Overall Height:

0.400 inches

Overall Width:

0.800 inches

Environmental Protection:

Hermetic

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

8.0 kilohms single winding

Duty Type:

Continuous

Operating Current Rating And Type:

10.0 milliamperes dc single winding

Operating Voltage Rating And Type At Specificationified Temp:

83.0 volts dc 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

2.0 amperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

26.5 dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
