Overall Length:

1.950 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

1.562 inches single mounting facility

Overall Height:

1.870 inches

Overall Width:

1.310 inches

Environmental Protection:

Hermetic

Unthreaded Mounting Hole Diameter:

0.144 inches single mounting facility

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

5.5 kilohms single winding

Duty Type:

Continuous

Mounting Facility Type And Quantity:

2 unthreaded hole single mounting facility

Mounting Facility Pattern:

In-line single mounting facility

Operating Voltage Rating And Type At Specificationified Temp:

120.0 volts dc 25 degrees celsius single winding

Main Contact Maximum Voltage Rating In Volts:

5.0 dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
