**Overall Length:**

1.950 inches

**Center To Center Distance Between Mounting Facilities Parallel To Length:**

1.562 inches single mounting facility

**Overall Height:**

1.870 inches

**Overall Width:**

1.310 inches

**Environmental Protection:**

Hermetic

**Unthreaded Mounting Hole Diameter:**

0.144 inches single mounting facility

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

5.5 kilohms single winding

**Duty Type:**

Continuous

**Mounting Facility Type And Quantity:**

2 unthreaded hole single mounting facility

**Mounting Facility Pattern:**

In-line single mounting facility

**Operating Voltage Rating And Type At Specificationified Temp:**

120.0 volts dc 25 degrees celsius single winding

**Main Contact Maximum Voltage Rating In Volts:**

5.0 dc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03300
