NSN 5945-00-173-8340

Electromagnetic Relay - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5945-00-173-8340 **Overall Length:** 7.000 inches **Overall Height:** 4.000 inches **Overall Width:** 4.000 inches **Winding Quantity: Coil Quantity:** Winding Dc Resistance Rating: 3.65 kilohms single winding **Duty Type:** Continuous **Operating Current Rating And Type:** 30.0 milliamperes dc single winding Operating Voltage Rating And Type At Specificationified Temp: 115.0 volts dc 25 degrees celsius single winding Main Contact Load Current Rating At Maximum Rated Voltage: 20.0 amperes dc resistive load **Special Features:** Relay has 4 blowout coils Shelf Life: N/a **Unit Of Measure:**

Demilitarization:

No Fiig: A03300
