**Overall Length:**

2.620 inches

**Center To Center Distance Between Mounting Facilities Parallel To Length:**

2.250 inches single mounting facility

**Overall Height:**

2.000 inches

**Overall Width:**

2.250 inches

**Unthreaded Mounting Hole Diameter:**

0.156 inches single mounting facility

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

240.0 ohms single winding

**Duty Type:**

Intermittent

**Mounting Facility Type And Quantity:**

2 unthreaded hole single mounting facility

**Mounting Facility Pattern:**

In-line single mounting facility

**Operating Current Rating And Type:**

110.0 milliamperes dc single winding

**Operating Voltage Rating And Type At Specificationified Temp:**

27.0 volts dc 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

8.0 amperes dc resistive load

**Main Contact Maximum Voltage Rating In Volts:**

115.0 dc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
