Overall Length:

2.750 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

2.375 inches single mounting facility

Overall Height:

2.375 inches

Overall Width:

1.594 inches

Unthreaded Mounting Hole Diameter:

0.169 inches single mounting facility

Winding Quantity:

2

Coil Quantity:

1

Winding Dc Resistance Rating:

290.0 ohms all windings

Duty Type:

Continuous

Mounting Facility Type And Quantity:

2 unthreaded hole single mounting facility

Mounting Facility Pattern:

In-line single mounting facility

Operating Current Rating And Type:

0.08 amperes dc all windings

Operating Voltage Rating And Type At Specificationified Temp:

24.0 volts dc 25 degrees celsius all windings

Main Contact Load Current Rating At Maximum Rated Voltage:

10.0 amperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

29.0 dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
