**Overall Length:**

5.000 inches

**Overall Height:**

1.250 inches

**Overall Width:**

2.000 inches

**Environmental Protection:**

Dustproof

**Winding Quantity:**

2

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

200.0 ohms all windings

**Duty Type:**

Continuous

**Mounting Facility Type And Quantity:**

2 threaded hole single mounting facility

**Pile-up Main Contact Form Arrangement:**

1c

**Mounting Facility Pattern:**

In-line single mounting facility

**Operating Current Rating And Type:**

10.0 milliamperes ac all windings

**Operating Voltage Rating And Type At Specificationified Temp:**

4.5 volts ac 25 degrees celsius all windings

**Main Contact Load Current Rating At Maximum Rated Voltage:**

1.0 milliamperes ac resistive load

**Main Contact Maximum Voltage Rating In Volts:**

50.0 ac

**Terminal Type And Quantity:**

3 wire lead energizing element

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
