Mounting Material:

Steel

Mounting Surface Treatment:

Cadmium plated

Overall Length:

5.000 inches

Overall Height:

2.688 inches

Overall Width:

2.688 inches

End Application:

Model mar

Mounting Facility:

Mounting board

Usage Design:

For starting and current control

Mounting Configuration:

Four 0.375 in. Diameter mtg holes on 2 in. By 2 in.

Controlling Agency:

Electronic laboratories

Identifying Number:

R-207a part no. And r-210a part no.

Individual Relay Quantity:

2

Relay Type:

Current and starting

Special Features:

Hermetically sealed

Special Markings:

/nt-297 10;/ a-1952/

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-b
