Overall Length:

5.310 inches

Overall Height:

1.180 inches

Overall Width:

1.680 inches

Environmental Protection:

Dustproof

Frequency In Hertz:

Between 16.0 and 20.0

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

1.6 kilohms single winding

Duty Type:

Continuous

Mounting Facility Type And Quantity:

2 threaded hole single mounting facility

Pile-up Main Contact Form Arrangement:

1a and 1a

Mounting Facility Pattern:

In-line single mounting facility

Operating Current Rating And Type:

5.1 milliamperes ac single winding

Operating Voltage Rating And Type At Specificationified Temp:

48.0 volts ac 25 degrees celsius single winding

Main Contact Maximum Voltage Rating In Volts:

48.0 ac

Terminal Type And Quantity:

2 wire lead contacts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
