**Overall Length:**

5.310 inches

**Overall Height:**

1.180 inches

**Overall Width:**

1.680 inches

**Environmental Protection:**

Dustproof

**Frequency In Hertz:**

Between 16.0 and 20.0

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

1.6 kilohms single winding

**Duty Type:**

Continuous

**Mounting Facility Type And Quantity:**

2 threaded hole single mounting facility

**Pile-up Main Contact Form Arrangement:**

1a and 1a

**Mounting Facility Pattern:**

In-line single mounting facility

**Operating Current Rating And Type:**

5.1 milliamperes ac single winding

**Operating Voltage Rating And Type At Specificationified Temp:**

48.0 volts ac 25 degrees celsius single winding

**Main Contact Maximum Voltage Rating In Volts:**

48.0 ac

**Terminal Type And Quantity:**

2 wire lead contacts

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
