

View Online at <https://aerobasegroup.com/nsn/5945-00-252-1044>

Overall Length:

13.600 inches

Overall Height:

15.300 inches

Overall Width:

5.370 inches

Environmental Protection:

Dripproof

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

1.1 kilohms single winding

Duty Type:

Continuous

Arc Quenching Method:

Magnetic

Operating Voltage Rating And Type At Specificationified Temp:

230.0 volts dc 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

60.0 amperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

24.0 dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
