Overall Length:

5.750 inches

Overall Height:

3.500 inches

Overall Width:

3.620 inches

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

1.1 kilohms single winding

Duty Type:

Continuous

Operating Current Rating And Type:

21.0 milliamperes dc single winding

Operating Voltage Rating And Type At Specificationified Temp:

230.0 volts dc 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

17.5 amperes dc resistive load

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:
