**Overall Length:**

3.870 inches

**Overall Height:**

8.210 inches

**Overall Width:**

2.780 inches

**Fragility Factor:**

Moderately rugged

**Winding Quantity:**

1

**Purpose For Which Designed:**

General

**Coil Quantity:**

1

**Duty Type:**

Continuous

**Arc Quenching Method:**

Air

**Storage Type:**

General purpose warehouse

**Operating Voltage Rating And Type At Specificationified Temp:**

24.0 volts dc 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

15.0 amperes dc resistive load

**Main Contact Maximum Voltage Rating In Volts:**

24.0 dc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
