Overall Length:

2.313 inches

Overall Height:

2.500 inches

Overall Width:

4.625 inches

Motor Type:

Synchronous

Special Features:

Contact spdt, 1 position momentary; elec ratings, ac, 115v maximum rated voltage, 10 amp nom curr at maximum rated voltage, not rated for maximum curr; motor 115 vac, 60 hz; 2 terminals for motor/2 for contacts/1 common for motor and contacts; rated for actuation time, 10-15 sec operating tim (adjustable) , w/o progress indicator; three 0.125 in. Diameter mtg holes on corners of an isosceles triangle, base 2.000 in., ht 4.313 in.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A519n0
