Overall Length:

2.750 inches

Overall Height:

1.313 inches

Overall Width:

1.500 inches

End Application:

Type no. 307

Component Type And Quantity:

1 latch and 1 lever and 1 spring

Special Features:

Mts by two 1/8 in. Diameter holes, thru lugs parallel to each other on end of assembly; used as frame for electrical relay

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A511I0
