**Overall Length:**

1.290 inches

**Overall Height:**

2.620 inches

**Overall Width:**

1.290 inches

**Environmental Protection:**

Dustproof

**Frequency In Hertz:**

60.0

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

5.0 kilohms single winding

**Duty Type:**

Continuous

**Operating Voltage Rating And Type At Specificationified Temp:**

120.0 volts ac 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

5.00 amperes ac inductive load and 5.00 amperes dc inductive load

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03300
