Overall Length:

1.290 inches

Overall Height:

2.620 inches

Overall Width:

1.290 inches

Environmental Protection:

Dustproof

Frequency In Hertz:

60.0

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

5.0 kilohms single winding

Duty Type:

Continuous

Operating Voltage Rating And Type At Specificationified Temp:

120.0 volts ac 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

5.00 amperes ac inductive load and 5.00 amperes dc inductive load

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
