Overall Length:

3.500 inches

Overall Height:

1.890 inches

Overall Width:

2.370 inches

Environmental Protection:

Dustproof

Winding Quantity:

1

Coil Quantity:

1

Duty Type:

Continuous

Arc Quenching Method:

Air

Main Contact Maximum Voltage Rating In Volts:

12.0 dc

Special Features:

Fungus and corrosion resistant

Fsc Application Data (non-core):

Ignition system, power unit, diesel engine

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
