Overall Length:

2.030 inches

Overall Height:

2.710 inches

Overall Width:

2.030 inches

Environmental Protection:

Dustproof

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

5.0 kilohms single winding

Duty Type:

Continuous

Arc Quenching Method:

Air

Mounting Facility Type And Quantity:

1 plug-in terminal single mounting facility

Special Features:

1 set of normally open contacts rated at 2 amp, other contacts rated at 8 amp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
