NSN 5945-00-423-4911

Electromagnetic Relay - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5945-00-423-4911 **Overall Length:** 7.094 inches **Overall Height: 3.688** inches **Overall Width:** 3.563 inches **Environmental Protection:** Dustproof Winding Quantity: **Coil Quantity: Duty Type:** Intermittent **Arc Quenching Method:** Air **Operating Current Rating And Type:** 52.0 amperes dc all windings **Operating Voltage Rating And Type At Specificationified Temp:** 10.000 volts dc 25 degrees celsius all windings Main Contact Load Current Rating At Maximum Rated Voltage: 700.0 amperes dc resistive load Main Contact Maximum Voltage Rating In Volts: 12.0 dc **Special Features:** A. Has provision for manual operation Shelf Life: N/a **Unit Of Measure: Demilitarization:**

No Fiig: A03300
