Terminal Quantity:

8

Terminal Type:

Solder lug

Overall Length:

0.810 inches

Overall Height:

0.410 inches

Overall Width:

0.410 inches

Dc Voltage Rating:

28.0 volts

Environmental Protection:

Hermetically sealed

Mounting Configuration:

Plug in

Adjustability:

Nonadjustable

Flashing Rate:

80 per minute

Controlled Circuit Quantity:

1

Battery Operation Facility:

Not provided

Operating Mechanism Inclosure:

Included

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-m
