Overall Length:

3.750 inches

Overall Height:

2.313 inches

Overall Width:

2.250 inches

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

4.0 ohms single winding

Duty Type:

Intermittent

Mounting Facility Type And Quantity:

3 unthreaded hole single mounting facility

Mounting Facility Pattern:

Triangle single mounting facility

Operating Current Rating And Type:

1.5 amperes dc single winding

Operating Voltage Rating And Type At Specificationified Temp:

6.0 volts dc 25 degrees celsius single winding

Main Contact Maximum Voltage Rating In Volts:

120.0 ac

Special Features:

Ratchet operated

Terminal Type And Quantity:

2 wire lead contacts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
