Mounting Material:

Aluminum

Mounting Surface Treatment:

Painted

Overall Length:

21.000 inches

Overall Height:

4.120 inches

Overall Width:

4.960 inches

Mounting Facility:

Mounting board

Mounting Configuration:

Four turnlock fasteners spaced on 19.820 in. By 3.000 in. Mtg centers

Controlling Agency:

Army missile command

Identifying Number:

9009252 part no.

Individual Relay Quantity:

17

Relay Type:

Armature

Fsc Application Data:

Radar set, guided missile

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T142-b
