Special Features:

Input voltage 120v ac , 105v ac , 130v ac max, with internal dpdt 120v ac 60 hz relay, recycle and release time 100 milliseconds typical 175 milliseconds max, 35 milliamps operating current, with polarity protection, minus 10 to plus 55 degrees c operating temp range, white plastic case, o/a dim. 2.375 in. Lg, 1.750 in. W, 4.122 in. H, with mtg guide pin, plug in mtd, pin type terminals, knob adjustable time delay on release, time delay 1.0 to 180.0 sec, 35 milliamps operating current, 55 milliamps release current

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
