Overall Length:

3.370 inches

Overall Height:

3.000 inches

Overall Width:

3.000 inches

Environmental Protection:

Dustproof

Winding Quantity:

1

Coil Quantity:

1

Duty Type:

Continuous

Arc Quenching Method:

Magnetic

Operating Current Rating And Type:

0.07 amperes dc single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

5.0 amperes dc inductive load

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
