

View Online at <https://aerobasegroup.com/nsn/5945-00-501-5394>

Overall Length:

3.125 inches

Overall Height:

2.625 inches

Overall Width:

3.125 inches

Environmental Protection:

Dustproof

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

1.1 ohms all windings

Duty Type:

Intermittent

Operating Current Rating And Type:

5.90 amperes dc single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

400.0 amperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

6.0 dc

Special Features:

Has provisions for manual operation. Fungus resistant

Fsc Application Data (non-core):

Electrical system, gasoline engine, nonaircraft

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
