Overall Length:

1.620 inches

Overall Height:

2.560 inches

Overall Width:

1.430 inches

Environmental Protection:

Hermetic

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

1.100 kilohms single winding

Duty Type:

Continuous

Mounting Facility Type And Quantity:

1 plug-in terminal single mounting facility

Features Provided:

Polarized

Minimum Differential Electrical Operating Rating:

600.0 milliamperes

Main Contact Load Current Rating At Maximum Rated Voltage:

50.0 milliamperes ac resistive load

Main Contact Maximum Voltage Rating In Volts:

120.0 ac

Special Features:

Operating current type dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
