Overall Length:

4.500 inches

Overall Height:

4.620 inches

Overall Width:

4.000 inches

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

1.125 kilohms single winding and 1.375 kilohms single winding

Duty Type:

Intermittent

Operating Current Rating And Type:

56.0 milliamperes dc single winding

Operating Voltage Rating And Type At Specificationified Temp:

70.0 volts dc 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

25.0 amperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

70.0 dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
