**Overall Length:**

4.500 inches

**Overall Height:**

4.620 inches

**Overall Width:**

4.000 inches

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

1.125 kilohms single winding and 1.375 kilohms single winding

**Duty Type:**

Intermittent

**Operating Current Rating And Type:**

56.0 milliamperes dc single winding

**Operating Voltage Rating And Type At Specificationified Temp:**

70.0 volts dc 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

25.0 amperes dc resistive load

**Main Contact Maximum Voltage Rating In Volts:**

70.0 dc

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03300
