## NSN 5945-00-549-4374

Electromagnetic Relay - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5945-00-549-4374 **Overall Length:** 5.060 inches **Overall Height:** 2.370 inches **Overall Width:** 4.680 inches **Environmental Protection:** Dustproof Winding Quantity: **Coil Quantity:** Winding Dc Resistance Rating: 3.9 ohms all windings **Duty Type:** Intermittent **Operating Current Rating And Type:** 9.80 amperes dc single winding **Operating Voltage Rating And Type At Specificationified Temp:** 28.0 volts dc 25 degrees celsius single winding Main Contact Load Current Rating At Maximum Rated Voltage: 500.0 amperes dc resistive load Main Contact Maximum Voltage Rating In Volts: 28.0 dc Fsc Application Data (non-core): Starting motor assembly, diesel engine Shelf Life: N/a **Unit Of Measure: Demilitarization:** 

No Fiig: A03300
