Overall Length:

2.718 inches

Overall Height:

1.406 inches

Overall Width:

0.875 inches

End Application:

Type no. Bc-696-a

Component Type And Quantity:

1 armature and 1 insulator and 1 pin and 1 plate and 1 base and 2 solenoid and 1 spring

Special Features:

Two no. 3-48 tapped holes, one 11/64 in. By 7/64 in. Hole irregularly spaced; used as an actuator

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
