Overall Length:

6.310 inches

Center To Center Distance Between Mounting Facilities Parallel To Width:

1.312 inches single mounting facility

Overall Height:

5.000 inches

Overall Width:

3.120 inches

Unthreaded Mounting Hole Diameter:

0.312 inches single mounting facility

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

4.100 kilohms single winding

Duty Type:

Continuous

Mounting Facility Type And Quantity:

2 unthreaded hole single mounting facility

Mounting Facility Pattern:

In-line single mounting facility

Operating Current Rating And Type:

50.0 milliamperes dc single winding

Operating Voltage Rating And Type At Specificationified Temp:

250.0 volts dc 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

750.0 milliamperes dc resistive load

Main Contact Maximum Voltage Rating In Volts:

250.0 dc

Special Features:

Incl blow-out coil

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
