

View Online at <https://aerobasegroup.com/nsn/5945-00-552-2864>

Overall Length:

3.310 inches

Center To Center Distance Between Mounting Facilities Parallel To Length:

3.000 inches single mounting facility

Center To Center Distance Between Mounting Facilities Parallel To Width:

2.000 inches single mounting facility

Overall Height:

1.870 inches

Overall Width:

2.310 inches

Unthreaded Mounting Hole Diameter:

0.161 inches single mounting facility

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

3.0 kilohms single winding

Duty Type:

Continuous

Mounting Facility Type And Quantity:

4 unthreaded hole single mounting facility

Mounting Facility Pattern:

Rectangular single mounting facility

Operating Current Rating And Type:

30.0 milliamperes dc single winding

Operating Voltage Rating And Type At Specificationified Temp:

115.0 volts dc 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

10.0 amperes dc inductive load

Main Contact Maximum Voltage Rating In Volts:

125.0 dc

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
