**Overall Length:**

2.960 inches

**Overall Height:**

1.750 inches

**Overall Width:**

2.180 inches

**Frequency In Hertz:**

60.0

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

1.250 kilohms single winding

**Duty Type:**

Continuous

**Mounting Facility Type And Quantity:**

2 unthreaded hole single mounting facility

**Mounting Facility Pattern:**

In-line single mounting facility

**Operating Current Rating And Type:**

20.0 milliamperes ac single winding

**Operating Voltage Rating And Type At Specificationified Temp:**

115.0 volts ac 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

8.0 milliamperes ac resistive load

**Main Contact Maximum Voltage Rating In Volts:**

115.0 ac

**Terminal Type And Quantity:**

2 wire lead contacts

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
