**Overall Length:**

5.310 inches

**Overall Height:**

3.370 inches

**Overall Width:**

3.870 inches

**Environmental Protection:**

Dustproof

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

2.0 ohms single winding

**Duty Type:**

Intermittent

**Operating Current Rating And Type:**

6.50 amperes dc single winding

**Operating Voltage Rating And Type At Specificationified Temp:**

12.0 volts dc 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

600.0 amperes dc resistive load

**Main Contact Maximum Voltage Rating In Volts:**

12.0 dc

**Fsc Application Data (non-core):**

Engine electrical system /nonaircraft/

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
