## NSN 5945-00-583-8788

Electromagnetic Relay - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/5945-00-583-8788

Overall Length:
5.310 inches
Overall Height:
3.370 inches
Overall Width:
3.870 inches
Environmental Protection:
Dustproof
Winding Quantity:
1
Coil Quantity:
1
Winding Dc Resistance Rating:
2.0 ohms single winding
Duty Type:
Intermittent
Operating Current Rating And Type:
6.50 amperes dc single winding
Operating Voltage Rating And Type At Specificationified Temp:
12.0 volts dc 25 degrees celsius single winding
Main Contact Load Current Rating At Maximum Rated Voltage:
600.0 amperes dc resistive load
Main Contact Maximum Voltage Rating In Volts:
12.0 dc
Fsc Application Data (non-core):
Engine electrical system /nonaircraft/
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A03300
