Overall Length:

5.375 inches

Overall Height:

8.375 inches

Overall Width:

4.500 inches

Frequency In Hertz:

60.0

Coil Quantity:

1

Mounting Facility Type And Quantity:

3 unthreaded hole single mounting facility

Mounting Facility Pattern:

In-line single mounting facility

Operating Current Rating And Type:

216.0 amperes ac all windings

Main Contact Load Current Rating At Maximum Rated Voltage:

10.0 amperes ac inductive load

Main Contact Maximum Voltage Rating In Volts:

600.0 ac

Terminal Type And Quantity:

2 wire lead contacts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:
