NSN 5945-00-629-8730

Thermal Flasher - Page 1 of 1 View Online at https://aerobasegroup.com/nsn/5945-00-629-8730 **Terminal Quantity: Terminal Type:** Threaded stud **Overall Length:** 3.000 inches **Overall Height:** 2.680 inches **Overall Width:** 1.812 inches Dc Voltage Rating: 28.0 volts **Environmental Protection:** Hermetically sealed **Mounting Configuration:** Two 0.187 in. Diameter mtg holes spaced 2.620 in. C to c **Actuation Type:** Electromechanical Adjustability: Nonadjustable Flashing Rate: 90 per minute **Duty Cycle:** 1.5 seconds on **Failure Automatic Circuit Condition:** On **Accuracy In Percent:** 10.0 **Controlled Circuit Quantity:** 2 Shelf Life: N/a **Unit Of Measure:**

Demilitarization:
