Mounting Material:

Steel

Mounting Surface Treatment:

Painted

Overall Length:

6.500 inches

Overall Height:

4.000 inches

Overall Width:

2.000 inches

End Application:

Model vf

Mounting Facility:

Container

Usage Design:

Used for azimuth limit switching

Mounting Configuration:

Two mtg screws on 3-7/8 in. Mtg centers

Controlling Agency:

Allied control co, inc

Identifying Number:

Bj6d36 type no.

Individual Relay Quantity:

3

Relay Type:

Armature

Special Markings:

Marked w/symbol s k-120 1, k-1202, k-103

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T142-b
