Overall Length:

2.750 inches

Overall Height:

2.500 inches

Overall Width:

1.15625 inches

Component Type And Quantity:

1 spring

Special Features:

Phenolic case 1; silver contact 2; screw type terminal 4; reset button 1; control lever 1; two no. 8 mtg holes on base flange spaced 2.375 in.

C to c; w/the addition of a type smc heater element, used as an overload thermal relay

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A511I0
