Terminal Quantity:

2

Terminal Type:

Solder lug

Overall Length:

1.440 inches

Overall Height:

1.500 inches

Overall Width:

0.940 inches

Dc Resistance Rating In Ohms:

180.0

End Application:

Model no. An/urd-4

Mounting Configuration:

Three 4-40 mtg holes forming an equilateral triangle 3/8 in. C to c

Polarization Feature:

Not included

Dc Operating Voltage Rating In Volts:

27.5

Output Motion:

Linear

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
