Overall Length:

3.750 inches

Overall Height:

2.000 inches

Overall Width:

2.000 inches

Environmental Protection:

Dustproof

End Application:

Type an/fra-501

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

20.0 kilohms single winding

Duty Type:

Continuous

Mounting Facility Type And Quantity:

1 plug-in terminal single mounting facility

Pile-up Main Contact Form Arrangement:

2c

Operating Current Rating And Type:

4.0 milliamperes dc single winding

Operating Voltage Rating And Type At Specificationified Temp:

80.0 volts dc 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

500.0 milliamperes ac resistive load

Main Contact Maximum Voltage Rating In Volts:

220.0 ac

Terminal Type And Quantity:

8 pin all functions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A03300
