**Overall Length:**

3.750 inches

**Overall Height:**

2.000 inches

**Overall Width:**

2.000 inches

**Environmental Protection:**

Dustproof

**End Application:**

Type an/fra-501

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

20.0 kilohms single winding

**Duty Type:**

Continuous

**Mounting Facility Type And Quantity:**

1 plug-in terminal single mounting facility

**Pile-up Main Contact Form Arrangement:**

2c

**Operating Current Rating And Type:**

4.0 milliamperes dc single winding

**Operating Voltage Rating And Type At Specificationified Temp:**

80.0 volts dc 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

500.0 milliamperes ac resistive load

**Main Contact Maximum Voltage Rating In Volts:**

220.0 ac

**Terminal Type And Quantity:**

8 pin all functions

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
