Overall Length:

2.000 inches

Overall Height:

1.750 inches

Overall Width:

1.760 inches

Mounting Slot Width:

0.156 inches single mounting facility

Frequency In Hertz:

60.0

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

1.5 kilohms single winding

Duty Type:

Continuous

Mounting Facility Type And Quantity:

1 slotted hole single mounting facility

Nonpile-up Main Contact Arrangement:

1 pole, single throw, normally closed, momentary action

Operating Voltage Rating And Type At Specificationified Temp:

168.0 volts ac 25 degrees celsius single winding

Main Contact Maximum Voltage Rating In Volts:

160.0 ac

Terminal Type And Quantity:

4 pin all functions

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
