**Overall Length:**

2.000 inches

**Overall Height:**

1.750 inches

**Overall Width:**

1.760 inches

**Mounting Slot Width:**

0.156 inches single mounting facility

**Frequency In Hertz:**

60.0

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

1.5 kilohms single winding

**Duty Type:**

Continuous

**Mounting Facility Type And Quantity:**

1 slotted hole single mounting facility

**Nonpile-up Main Contact Arrangement:**

1 pole, single throw, normally closed, momentary action

**Operating Voltage Rating And Type At Specificationified Temp:**

168.0 volts ac 25 degrees celsius single winding

**Main Contact Maximum Voltage Rating In Volts:**

160.0 ac

**Terminal Type And Quantity:**

4 pin all functions

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03300
