Overall Length:

3.370 inches

Overall Height:

2.000 inches

Overall Width:

2.620 inches

Environmental Protection:

Hermetic

Winding Quantity:

1

Coil Quantity:

1

Winding Dc Resistance Rating:

1.5 kilohms single winding

Duty Type:

Continuous

Operating Voltage Rating And Type At Specificationified Temp:

24.0 volts dc 25 degrees celsius single winding

Main Contact Load Current Rating At Maximum Rated Voltage:

3.0 amperes ac inductive load and 3.0 amperes dc inductive load

Fsc Application Data (non-core):

Truck, analyzer van dwg no. 10300001

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A03300
