**Overall Length:**

2.250 inches

**Overall Height:**

2.560 inches

**Overall Width:**

2.180 inches

**Winding Quantity:**

1

**Coil Quantity:**

1

**Winding Dc Resistance Rating:**

1.000 kilohms single winding

**Duty Type:**

Continuous

**Arc Quenching Method:**

Air

**Mounting Facility Type And Quantity:**

2 threaded hole single mounting facility

**Features Provided:**

Polarized

**Mounting Facility Pattern:**

In-line single mounting facility

**Operating Current Rating And Type:**

4.5 milliamperes dc single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

5.0 amperes ac inductive load

**Main Contact Maximum Voltage Rating In Volts:**

115.0 ac

**Terminal Type And Quantity:**

2 wire lead contacts

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A03300
