**Overall Length:**

5.250 inches

**Overall Height:**

3.000 inches

**Overall Width:**

4.500 inches

**Frequency In Hertz:**

60.0

**Winding Quantity:**

1

**Coil Quantity:**

1

**Duty Type:**

Continuous

**Arc Quenching Method:**

Air

**Mounting Facility Type And Quantity:**

3 threaded hole single mounting facility

**Mounting Facility Pattern:**

Triangle single mounting facility

**Operating Voltage Rating And Type At Specificationified Temp:**

110.0 volts ac 25 degrees celsius single winding

**Main Contact Load Current Rating At Maximum Rated Voltage:**

10.0 amperes ac inductive load

**Main Contact Maximum Voltage Rating In Volts:**

550.0 ac

**Terminal Type And Quantity:**

2 wire lead contacts

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

A03300
